Industry-Academia Partnerships

HERE Technologies – Dr. APJ Abdul Kalam Technical University

1) Introduction:

The purpose of this partnership is to allow HERE and AKTU to collaborate through HERE's community skilling program through the HERE Map Creator tool. The objective of this project is to provide industrial project training exposure to students enrolled in Civil engineering degree program across affiliated colleges under AKTU on HERE Map Creator tool based on a collaboration framework ensuring educational and technological exchange.

2) Implementation support:

Received count of interested students will be participating in program along with support of Class representative / Faculty representative of each college who will also be participating in the program and shall be supporting with 100% class certification of enrolled students

3) Project Training details:

HERE shall be planning batch-wise enrollment (not more than 30-40 students per batch). The program will be for 60 days with weekly live webinars conducted for each batch. Students will be provided complete support on deep understanding of topics and practice on HERE global tool at no-cost basis to students. Students who successfully complete the program in 60 days as per HERE eligibility criteria will be certified and awarded Project Training Certification by HERE Technologies.

4) Project Training topics:

- a) Applications and Usecases of Maps and Location tools in business segments
- b) Introduction to Map types & displays
- c) Introduction to Road structures (road types, road attributes)
- d) Introduction to Places (categories, attributes, routing to places, micro places, visualization)
- e) Introduction to Point addresses (attributes, routing, visualization)
- f) Continuous Live Assessment on HERE Map Creator (visualization and enrichment on global tool)
