Job Notification Form	
COMPANY OVERVIEW	
Name of the Company	KiwiTech
Website / Other source of Information	www.kiwitech.com
Company Type	Information Technology
Brief write-up on the Company (50 to 75 words)	<p>Founded in 2009, KiwiTech began as a mobile and web development firm, and has since created hundreds of apps serving a wide range of interests and industries. In the process, we have developed deep expertise and a consultative-driven approach to providing end-to-end enterprise technology solutions. Guided by our strong content background and ability to create engaging UI/UX, we work with our clients to build robust, award-winning web, mobile and social media solutions. Our corporate background allows us to carefully identify and partner with select organizations. This engagement - including the guidance, resources and new technologies we provide - enables them to dramatically transform their day-to-day operations, improve efficiency and increase profitability. We are currently a center-of-excellence for many of our long-term enterprise clients. Often acting as an extension of their development teams, we have built a flexible, quick-to-scale delivery team with a unique blend of process-centric talent management. With both our enterprise and our startup clients, we provide a strategic technology partnership that brings to the table our wealth of experience in heavy data technologies, along with nimble, inventive solutions.</p>
